

Organization Overview

For more than 90 years, VisionCorps has been helping restore autonomy and independence to the lives of Pennsylvania residents who are blind or vision impaired. From education and prevention, to rehabilitation and employment, we take a comprehensive approach to services. VisionCorps currently has a presence in Lancaster, Lebanon, Berks, Chester, Cumberland and Philadelphia counties.

70% of working-age Americans who are blind are not employed, despite being dedicated, highly skilled and educated individuals. So, many years ago, we formed the VisionCorps Enterprise Group to provide employment opportunities for people who are blind or vision impaired.

VisionCorps Enterprise Group provides its partners with access to federal contracting opportunities through the federal government's AbilityOne Program, the largest source of employment for people who are blind or have significant disabilities. To secure and maintain government contracts through the AbilityOne® Program, at least 75% of VisionCorps' direct labor must be performed by people who are blind.

The AbilityOne Program

The AbilityOne Program is among the nation's largest providers of jobs for people who are blind or have significant disabilities. Today, the AbilityOne Program provides employment opportunities to more than 45,000 people who are blind or have significant disabilities, including approximately 3,000 veterans. The AbilityOne Program uses the purchasing power of the federal government to buy products and services from participating, community-based nonprofit agencies nationwide, dedicated to training and providing rewarding careers to individuals who are blind or have significant disabilities. Through the AbilityOne Program, people who are blind or have significant disabilities enjoy full participation in their community and can leverage their newly learned skills into other public and private sector jobs.

The AbilityOne Program is authorized by the Javits-Wagner-O'Day Act, the Code of Federal Regulations (CFR), and the Federal Acquisition Regulation (FAR).

Past Performance

- **Defense Logistics Agency Troop Support - Philadelphia, PA:** VisionCorps is assigned the task of providing custom packaging solutions for food products to DLA troop support. Our expert team procures numerous dry food goods and utilizes innovative packaging solutions to portion processed product. This task assigned by NIB, saves DLA's prime food vendors on costs associated with product overstock and waste.
- **NEAT (Neat Foods, LLC), Lancaster, PA:** Our staff strategically sourced raw product ingredients, mixed, processed and packaged 990,000 units of vegan, non GMO, gluten free, soy free and kosher product. Utilizing our agile supply chain solutions, we were able to cost effectively deliver the end product to various retail locations throughout the United States.
- **eatKeenwa (Millennial Foods, LLC), Brooklyn, NY:** Our production facility processed and packaged the eatKeenwa Krunch product in vanilla almond raisin, cinnamon banana strawberry, coconut cranberry cashew and walnut date agave flavors. Utilizing state of the art equipment, we package the finished cluster product into 4 ounce pouches, then sealed and prepared each unit for delivery through boxing, palletizing and completing inventory control, prior to shipment.
- **Nuts About Granola (Nuts About Granola, LLC), York, PA:** Visioncorps provided full concept realization as our team sourced all natural and organic product ingredients, processed and manufactured 25 pound bags of granola for end users.
- **Copacking:** Our state of the art facilities, food certifications and strict adherence to good manufacturing practices, continue to make VisionCorps the partner of choice for copacking agreements.

VisionCorps' Enterprise Group has a long track record of providing food processing services to defense contractors, government agencies and private industry. We offer a wide range of services to food brands, food companies and end users to help manufacture, package and streamline end user consumption. By outsourcing to our Enterprise Group, our partners benefit from reduced production bottlenecks, reduced payroll and benefits costs, and lower operating capital requirements. We also offer predictable, fixed-cost pricing, fast quotes and quality work, delivered on time.

VisionCorps

Respect. Commitment. Innovation. Integrity.
